

Name _____

SOIL TEMPERATURE DATA SHEET

Record the temperature of the soil in different areas of the garden and at different depths and record on the chart below.

Make the following predictions:

I believe the soil will be the coldest at this location _____ at _____ inches.

I believe the soil will be the warmest at this location _____ at _____ inches.

Garden Soil Temperature		Date:				
Location	Depth 1	Temp	Depth 2	Temp	Depth 3	Temp
	2 in.		4 in.		6 in.	
	2 in.		4 in.		6 in.	
	2 in.		4 in.		6 in.	
	2 in.		4 in.		6 in.	
	2 in.		4 in.		6 in.	
	2 in.		4 in.		6 in.	
	2 in.		4 in.		6 in.	
	2 in.		4 in.		6 in.	
	2 in.		4 in.		6 in.	
	2 in.		4 in.		6 in.	

Where your predictions accurate? _____

What conclusions can you make about soil temperature at different locations and depths?
